12 (individual size) yogurts

Dairy Donor Guidelines

Hope Center for Women and Children

Thank you for your willingness to bless our women and children in this way. We pray that God may richly bless you in return.

- Each dairy donor has agreed to supply dairy items for our **Hope Center for Women and Children**. The above list will be the same items to be provided on the 2nd Saturday of January, April, July and October.
- We ask that you please do NOT take away items from your dairy donation list. If you use a delivery service it is permissible to have a package with more items but not less. If using a delivery service, label needs to indicate a Dairy Donation and driver needs to go to the East door and call (515)729-4024.**
- We are located at 3800 E Douglas Ave, 50317.
- Call** the staff cell number at **(515)729-4024** upon arriving on the property and staff will meet you at the East door.
- We ask that you allow the staff to **complete an in-kind donation form each time you deliver** your donated dairy items.

- If you **cannot** make your delivery please contact us immediately and make a plan to drop off on another day, so that, our moms and kids do not miss these vital food necessities.
- For **immediate** assistance, our on-site cell phone number **(515)729-4024** will reach a Hope Center staff member 24/7.
- As a back-up, you may also contact Leslie Green, Community Involvement Manager, at (515) 265-7272 ext. 1006 or lgreen@hopeiowa.org
